

UNWFP – Freerice – Covid-19 Quiz

| | |
|---------------------------|---|
| Link | https://freerice.com/categories/covid-19 |
| Description | <p>The UN World Food Program (WFP) have created lots of quizzes in a game called Freerice. As you answer questions correctly, ads appear on your screen. When you see one of these ads, you trigger a payment to WFP that is roughly equivalent to the cost of 5 grains of rice.</p> <p>The Freerice Covid-19 quiz contains facts about the new coronavirus and the illness it causes (known as COVID-19). Players can use the quiz to learn some basic facts and tips.</p> |
| Media used | Website. There is also an App available from Google Play and the Apple Store |
| Readability | Good. Adverts appear on the side of the screen but are not distracting. |
| Activities included | Quiz, text, multiple choice options |
| Multisensory | Clicking or touching screen to select answers |
| Language level | Early-intermediate and above. Beginning readers may find the text too difficult. |
| Prerequisites | None |
